ourClasses

il nido (1-3 YEARS OLD)

This program introduces a repertoire of some of the most popular Italian children songs, lullabies and nursery rhymes together with an exposure to basic learning topics and goals.

il volo (3-6 YEARS OLD)

MIXED LEVEL

This program is an effort to replicate a typical day at an Italian Preschool, through age appropriate games, songs, movement, Italian books, art projects, rhymes and other creative activities.

BILINGUAL

This program is designed for native, native-like speakers and fluent students. Our goal is to bring components of the Italian Preschool Curriculum and Objectives to our classroom, in order for our bilingual students to experience an Italian "asilo".

il viaggio (6 AND UP YEARS OLD)

MIXED LEVEL

This program is meant to be an imaginary trip through Italy and an effort to review conversational skills and to introduce reading and writing in Italian.

BILINGUAL

This program is designed for native, native-like speakers and fluent students. Our goal is to help our students improve their reading and writing skills and to introduce core subjects as they are taught at an actual Italian elementary school.

l'avventura (10-14 YEARS OLD)

This program is "an adventure" into the world of our ten to fourteen years old students who like to compete, use technology, drawing, reading and writing and learning fun facts about the Italian History, Art and Geography. Students are encouraged to practice the Italian Language while learning more about Italy and its Culture.

la famiglia (ADULTS CLASSES)

This program is offered at all levels: beginner, intermediate and advanced.
